

CELL PHONE VS. THE BIBLE

By Keith Greer

Wonder what would happen if we treated our Bibles the way we treat our cell phones?

1. What if we carried them around in our purses or pockets?
2. What if we turned back to go get them if we forgot them?
3. What if we flipped through them several times a day?
4. What if we used them to receive text messages?
5. What if we treated them like we couldn't live without them?
6. What if we gave them to children as gifts?
7. What if we used them as we traveled?
8. What if we used them during emergencies?
9. What if we only used them when minutes were free (night times and weekends)?
10. What if we used them as much as we text others during the day?
11. What if we put on Bible reference apps more than our games?
12. What if we used them to give calls of encouragement to equal calls to our friends?

Do these points make you think, "hmm; where is my Bible?"

Oh, and one more thing; unlike our cell phones, we don't ever have to worry about our Bibles being disconnected. Jesus already paid the bill! (Selected)

Most of us have cell phones and wonder how we ever lived without them. True, they do make our lives easier – sometimes. But how much better our lives, our choices, and our Bible knowledge would be if we spent as much time with our Bibles as we do with our cell phones. Remember this little convenience can get all out of control and consume time away from God too! ***
