

# ALL I CAN SEE TELLS ME TO TRUST IN HIM WHOM I'VE NOT SEEN

By Keith Greer

"The fool has said in his heart, 'There is no God.' They are corrupt; they have done abominable works; there is none who does good. The LORD looks down from heaven upon the children of men, to see if there are any who understand, who seek God." {Proverbs 14:1,2}

I've been afforded the opportunity to see many beautiful places in this world. The Grand Canyon; Edinburgh, Scotland; England's rolling hills; the beautiful waterfalls in Wales. The islands of Hawaii; the majestic trees of America's national forests; the drive down Route 1 in Malibu, California; Niagara Falls; and the beauty of the woods in up-state New York. I could mention others, but my point is: who can look at all this natural beauty and deny God's creative power? No man or group of men could paint the breathtaking masterpiece of this world's landscape. Only an all-powerful, Almighty God could have accomplished such a feat.

**What about man?** "For You formed my inward parts; You covered me in my mother's womb. I will praise You, for I am fearfully and wonderfully made; marvelous are Your works, and that my soul knows very well." {Psalm 139:13,14} Who can explain the wonders of the human body? How does it function in the way it does? How is it that the simplest tasks, such as moving our fingers, require so many different things to happen in our bodies? Do they just happen? Is it all pure chance? No; it required intelligent design and an intelligent being to put it all together. God, Himself, is the only being who has the knowledge, capacity, and power to do it.

When we observe the many different things in the world – plant life, animals, trees, stars, solar systems, and man's wisdom, how can anyone deny God's existence. Evidence is so overwhelming concerning God's existence for one to deny it they would have to have a closed mind! In my quest for answers, one thing brings me great comfort: **"In the beginning God created the heavens and the earth."** No, I wasn't there, but I can SEE the evidence! \*\*\*
